Curriculum Overview

- We have worked exceptionally hard to develop the curriculum for the new academic year, ensuring that it meets the needs of all our students and gives them the opportunity to reach their full potential.
- Within primary, we will have an overarching theme in every year group. This means that our learning in most subjects will link back to these themes.
- We will be following a brand new scheme of work called Cambridge University Press. This will be for English and Science. Supplementary textbooks will be provided for these subjects.
- We will continue to use Power Maths and a textbook will be provided again.
- All student work will be recorded in subject books which will be marked by the Class Teacher or Specialist.
- Textbooks will be sent home each Thursday as part of our home learning programme. Further information will be sent by your class teacher.
- Thank you for ensuring your child always brings their textbooks back to school.

Bring Your Own Device

- Your child must have a device with them every day.
- The device must come to school fully charged, we don't have charging stations.
- The device should be in a protective case.
- The passcode/password should be disabled.
- The device should be clearly labelled with your child's class and name.
- For Years 3&4 we recommend either an iPad or a tablet as these are much easier for the children to use. For Years 5&6 either a laptop or iPad can be used.
- Thank you for reminding your child that it is their own responsibility to look after their device.

How GCS supports our parents

- Every Thursday afternoon, parents will receive a weekly email with information on what curriculum content has been covered and what your child will cover the following week.
- We would expect a minimum expectation of 20 minutes of reading per day.
- Homework will be assigned every Thursday and will be submitted to the class teacher every Tuesday. This will be acknowledged and returned to your child before they leave school on a Thursday.
- Every Tuesday afternoon there will be an opportunity for parents to meet virtually with their Class Teacher. This is an opportunity to discuss any concerns or ask any questions you may have. A Zoom link will be sent out to you each week.
- Our priority is the teaching and learning of your child however we will respond to your email within 24 hours. **If your communication is urgent, please contact our reception team by telephone and they will be able to pass on the message.**
